

Guess My Ratio Clues Guidelines

Name _____ Hour _____

Now you are going to be creating your own set of Guess My Ratio Clues. You should follow the guidelines below when you create your clues.

For 5 points....no clue is needed. Everyone is just guessing!

For 4 points: Give a clue that will narrow it down, but not too much.

For 3 points: Clue should help narrow it down, but leave people still unsure.

For 2 points: By this clue, people should know one of your numbers for sure, but not be sure about the other number.

For 1 point: This clue should be a computation clue that gives people your numbers...if they solve it correctly.

For a bonus point: Given an extra task related to your ratio.

Make up your own puzzle in the space below.
